

W011

Handheld Water Flosser
Weeks of Power, Lasting Clean

Core Technology, Professional Cleaning

Equipped with an exclusive patented water pump, it generates high-frequency pulsed water flow at 1,800 pulses per minute, deeply cleaning the areas between teeth and along the gumline, that traditional brushing often misses.

Improve Oral Health, Start with Tooth Care

Meet your oral health partner. Three smart modes customize your care, effectively fighting plaque and significantly reducing subgingival bacteria for a proven, healthier mouth.

2-Year Official Warranty

JIEBOYA®

Professional Gum-Care Water Flosser

JIEBOYA®
Personal Care Expert

Powerful cleaning. Gentle protection.

It delivers a deep, all-reaching clean that leaves teeth immaculate and your mouth feeling healthy, fresh, and perfectly comfortable—a completely new oral care experience.

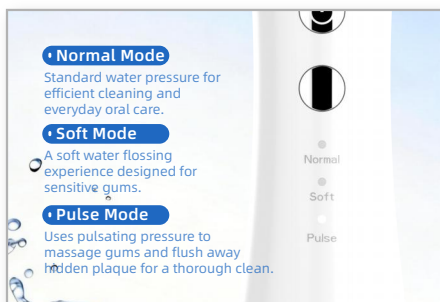

1. Powerful Yet Gentle Cleaning

- Specifically designed to tackle plaque and food debris in even the hardest-to-reach areas.

2. The Slim Waist

- Delivering a secure, comfortable grip in a sleek, stylish form.

3. Multiple Cleaning Modes

- Offers a variety of cleaning modes: Normal, Soft, and Pulse.

4. IPX7 Waterproof Rating

- Waterproof construction allows the entire unit to be rinsed under water without worry.

5. 0.6mm Precision Water Stream

- Precision-engineered 0.6mm water stream penetrates 0.3mm gaps to flush out hidden plaque and food debris.

6. Charger with Nozzle Set

- Simply place it on the dock to charge. Includes a set of nozzles: Standard, Gum Pocket, Plaque, and Tongue Cleaner.

Specifications

Product Parameter:

- Model : W011
- Dimensions : 85×73×221mm (Height without nozzle)
- Mode : Soft-Normal-Pulse
- Water Pressure : 45 - 120 PSI
- Water tank capacity : 150mL
- Frequency : 1400~1800 times/minute
- Battery : 2000mAh Lithium-ion
- Charging Time : <16 hours
- Usage time on a full charge : around 40 days
- Power Supply : Inductive Charging
- Waterproof Rating : IPX7
- Input : 5V/1A
- Material : ABS

Packaging Details:

- Contents : Main Unit x 1
Induction Charging Base x 1
Manual x 1, Nozzle set x 1
- Color Box size : 129×107×242mm
- Pieces per Carton : 12 PCS
- Net/Gross Weight : 5.6kg/8.2kg
- Carton Dimensions : 336×274×516mm
